# (1) Takeaways and Conclusions from joining this Mentor Conference

- A very well-organized conference; great and challenging messages from all the speakers; sharing from the attendees were quite helpful and touching; appreciate the serving and loving spirit of all the helpers.
- This ministry is used by God to do wonderful work, definitely worth more support from us and from the Austin Chinese Church. Thank you for putting this together.
- Have been profoundly inspired, with the body, heart and spirit being molded and blessed. Infant ducks moving happily forward and following behind the mature ducks in Christ.

# (1) Takeaways and Conclusions from joining this Mentor Conference

- Experienced more about the importance of participating in the mentorship ministry for the sake of inheriting and passing on the Kingdom of God, acquired very practical methods and was given reminders and assistance from the strategic perspective. Thankful to you all!
- Understood more clearly the needs of the Chinese ministries, and my self-awareness was improved. I still have many deficiencies. More willing to obey, more in need of equipping myself, and more in need of prayers.
- The messages were extremely encouraging, also enabling a better understanding of the role of mentors. Most grateful to you all!
- The messages were most exciting. For instance, don't talk about our own answers, but train mentees to become mentors, etc. The mentorship handbook dovetailed perfectly with the theme of the Conference.

## (2) Other Feedbacks regarding Conference Messages and Speakers

- Good.
- Very nourishing, wonderful.
- Great encouragement to one another. Great time to share experience of being a mentor.
- The messages were superb and most helpful.
- Given the huge amount of information, I need to digest it slowly : Very thankful to the co-workers for their strenuous efforts!
- As the number of messages and speakers was relatively high, it was not easy to distinguish the coherence of themes of individual speeches. The time for precipitation of thoughts was also not enough.
- Grateful! Greatly inculcated and encouraged.
- Procured many reminders.

## (2) Other Feedbacks regarding Conference Messages and Speakers

- 4 on-line talks are all extremely good, very helpful messages!
- All are well prepared with deep insights.

## (2) Other Feedbacks regarding Conference Messages and Speakers

- Relevant and useful.
- Rev So's sharing on "Quality is more valuable than quantity" and "Lives influence lives" provided very valuable reminders.

# (3) Other Feedbacks regarding Conference Administration

- Good.
- Greatly satisfied.
- Amazing team! Thanks for the wonderful preparation!
- Marvelous!
- Arrangements were fabulous from macro to fine details.
- Thanksgiving!
- Thankful to co-workers for their arduous efforts.
- Very illustrious.
- Administrative co-workers were superbly fantastic, and the meals were of top-notch quality, giving me a role model for my future church service.

# (3) Other Feedbacks regarding Conference Administration

- Still some room for improvement in respect of worship and audio preparations.
- Experienced superlative hospitality.
- Extremely considerate, extremely caring with love.
- Food and drinks were so abundant. Appreciation for the hard work of brothers and sisters responsible for the catering.
- Perhaps this was my personal feeling and preference. The sound levels for worship and individual speakers were high in some cases, and low in other cases, owing to the lack of adjustment and tuning with the sound levels of different leaders and speakers. The fact that some speakers held their microphones closer to their mouth whereas some speakers held their microphones farther away from their mouth might have created the need for sound level adjustment accordingly.
- Meals and fruits and dim-sum were really good! The quantity might be a bit too plentiful for me. It would be healthier if the quantity could be reduced to 80%. 😊
